

Building Your Own AI Assistant

Gemini

 **Browser Use**

go to pc part picker canada choose complete build option and find a highest rated pc. my budget is more then \$1200 and less then \$1600 so, filter accordingly. once you find the best option click on the image of that PC that should open up the PC part list and add all the pc part to my amazon cart. make sure to use amazon canada

Agenda

1. Why AI assistants
2. Tools Overview
3. Set up your own AI assistant
4. Demo
5. Q&A

Why Build Your Own AI Assistant?

- Problems with manual repetitive tasks

Finding Data

Verifying Data

Manual entries

Act as a human

Why Build Your Own AI Assistant?

- AI chatbots (ChatGPT, Gemini etc.) can do lot of things but can not act as you

Tools Overview

Gemini

Browser Use

Why Google Gemini?

Generous free tier

It might be using your data for training new models

Free of charge * The Gemini API "free tier" is offered through the API service with lower rate limits for testing purposes. Google AI Studio usage is completely free in all available countries.	
RATE LIMITS **	15 RPM (requests per minute) 1 million TPM (tokens per minute) 1,500 RPD (requests per day)
INPUT PRICING	Free of charge
OUTPUT PRICING	Free of charge
CONTEXT CACHING	Free of charge, up to 1 million tokens of storage per hour
TUNING PRICE	Input/output prices are the same for tuned models. Tuning service is free of charge.
USED TO IMPROVE OUR PRODUCTS	Yes
Try it now in Google AI Studio	

*Rate limit changes according to model
